

EVALUATION & PAVEMENT PERFORMANCE ANALYSIS OF MAJOR ROAD STRETCHES IN TRIVANDRUM CITY

PROJECT INVESTIGATOR: DR. PRIYA R

TRC 12 - CET RP 8

OBJECTIVES

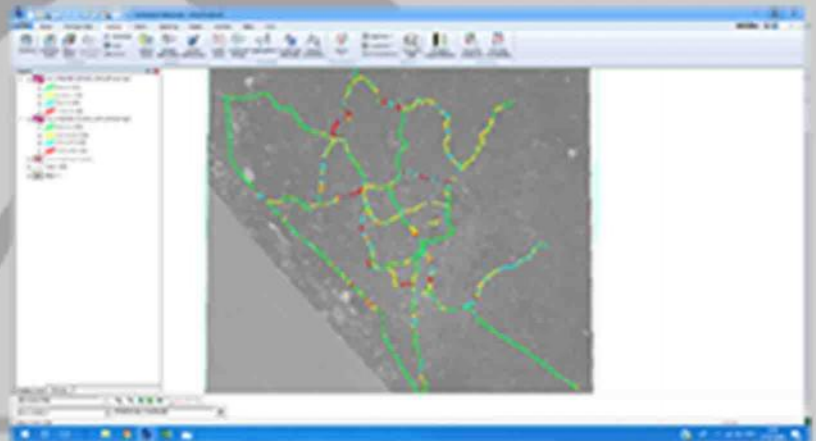

The objectives of the study are,

- Delineation of the road network of Trivandrum corporation
- Development of data base for the identified road network
- Development of Drainage Index
- Develop composite pavement condition index
- Develop a network condition index to represent the overall condition of the pavement network
- Develop a stochastic pavement deterioration model and to develop a pavement deterioration model at network level both for steady state and multiperiod

FIGURES AND TABLES

Roughometer connected to the vehicle

Digitised roads

Table. 1 Maintenance History (Source: Collected from PWD offices)

YEAR	Do nothing	Routine	Surface dressing	BMBC
2012	54%	30%	16%	0%
2014	27%	0%	73%	0%
2016-2017	37%	0%	63%	0%
2017-2018	23%	19%	19%	39%

Table. 2 Predicted pavement conditions for M&R (Do nothing)

YEAR	EXCELLENT	GOOD	FAIR	POOR
2014	0%	16%	37%	47%
2016	0%	2%	16%	82%
2017	0%	0%	13%	88%

Table. 3 Predicted pavement conditions for M&R (Surface dressing)

YEAR	EXCELLENT	GOOD	FAIR	POOR
2012	5%	26%	51%	18%
2014	0%	36%	51%	13%
2016	17%	70%	13%	0%
2017	74%	17%	9%	0%

Table. 4 Predicted pavement conditions for M&R (Routine)

YEAR	EXCELLENT	GOOD	FAIR	POOR
2014	0%	37%	52%	11%
2016	0%	29%	56%	15%
2017	0%	29%	56%	15%

EVALUATION & PAVEMENT PERFORMANCE ANALYSIS OF MAJOR ROAD STRETCHES IN TRIVANDRUM CITY

PROJECT INVESTIGATOR: DR. PRIYA R

TRC 12 - CET RP 8

Pavement condition prediction for M&R (Do nothing)

Pavement Behaviour and Markovian Prediction for M&R (Do nothing)

Pavement Behaviour and Markovian Prediction for M&R (Surface dressing)

Pavement condition prediction for M&R (Surface Dressing)

Optimum fraction of the roads in each condition states under steady state condition

Percentage fraction of the roads receiving each Maintenance action in 5 years Multi Period model

Percentage fraction of the roads in each condition state in 5 years Multi Period model

OUTCOME

M-TECH PROJECTS (5 No's)
